Welcome to CoSpaces!

Thanks for signing up and welcome to the CoSpaces forum!

This is the place to go if...

- you need **help**
- are looking for **ideas**
- would like to give us **feedback**
- or want to **exchange** with other users

Some first tips:

Here are some helpful resources for new CoSpaces users.

- Learn about the **features**: Check out our [features tutorials on YouTube](#)
- Find **inspiration**: Go to the [Gallery](#) to see what others have created – or follow us on [Instagram](#) or [Pinterest](#)
- Get input for the **classroom**: Teachers will find ideas on our [education page](#) or in our [CoSpaces Classroom group on Facebook](#)
- **Connect** with us: We not only love to connect with you here, but also via [Facebook](#), [Twitter](#) or email

★ 將內容翻譯成中文 (繁體)

CoSpacesEDU

If students could upload a 3D .stl or .obj file, it would be perfect.

Having a Team Create like Roblox studio would be the ultimate too.

Ben Creasey 8月18日

★ 將內容翻譯成中文 (繁體)

We are currently working on the ability to import .stl and .obj files and hope to release this update soon.

With regards to the Team Create, we will take a look and add it to our list of possible features.

Thanks for your feedback!

Ben Creasey 8月18日

★ 將內容翻譯成中文 (繁體)

If you have some example .stl & .obj files, could you please make them available for us and we will use them to test.

Many thanks!

jorgani...@gmail.com 8月18日

★ 將內容翻譯成中文 (繁體)

Thanks Ben Creasey! I will try to find some example files for you to test with. I will post them in a separate thread.

YouTube教學影片

The screenshot shows a YouTube search for 'cospaces' on the channel page. The search bar at the top contains 'cospaces' and shows '約 2,190 項結果'. The channel name 'CoSpaces' is highlighted, with a tooltip showing '97 部影片' and 'On this channel, you will find out how you can easily create your own VR content with CoSpaces. CoSpaces is a 3D visualization tool that makes creating virtual worlds...'. Below the channel name, there are three video thumbnails:

- Introducing CoSpaces**: 9 個月前 · 觀看次數：7,200. Description: CoSpaces gives your imagination a place to unfold: Fantasy worlds, immersive birthday cards or virtual museums – with the free ...
- CoSpaces - create and explore your own virtual reality worlds**: 1 年前 · 觀看次數：1,365. Description: This video shows how you can create a VR gallery using the CoSpaces website and to view the gallery using Google Cardboard.
- Introducing the hierarchy tree to CoSpaces Maker**: 10 小時前 · 觀看次數：0.
